Get Preventive Medications with Lower Cost-Sharing

Your health plan includes a Preventive Drug List. Your employer is providing this enhanced benefit to make it easier for you to stay healthy today — and tomorrow.

The presence of a drug on this list does not guarantee coverage. Your benefit plan determines coverage of medications. To confirm coverage, please call the Member Service number on the back of your member ID card. All medications listed are still subject to Formulary management such as prior authorization, step-edits, quantity limits, and tier placement.

This list is subject to change and is not an inclusive list.
