## We've got you covered.

MVP Health Care<sup>®</sup> is a not-for-profit health plan that is focused on making health insurance more convenient, more supportive, and more personal. We offer benefits, tools, and resources to ensure that our members get the quality care they need and deserve.

### With MVP, you will have access to:

- \$0 preventive care, including physicals and immunizations per recommended guidelines
- Gia<sup>®</sup> virtual care services, including 24/7 urgent and emergency care, mental health support, and more
- Virtual physical therapy
- Top local doctors and facilities that are quick and easy to search
- A 20% discount on CVS Pharmacy<sup>®</sup> brand health-related items
- SimpleDose<sup>™</sup> from CVS Pharmacy and PillPack by Amazon Pharmacy for 30-day supplies of eligible medications, sorted by dose and when to take them
- Earn up to \$600, per contract, per calendar year, with WellBeing Rewards for participating in healthy activities

**Check out your MVP plan details!**

# More convenient. More supportive. More personal.

## **New to MVP? No problem. We make your switch to MVP easy.**

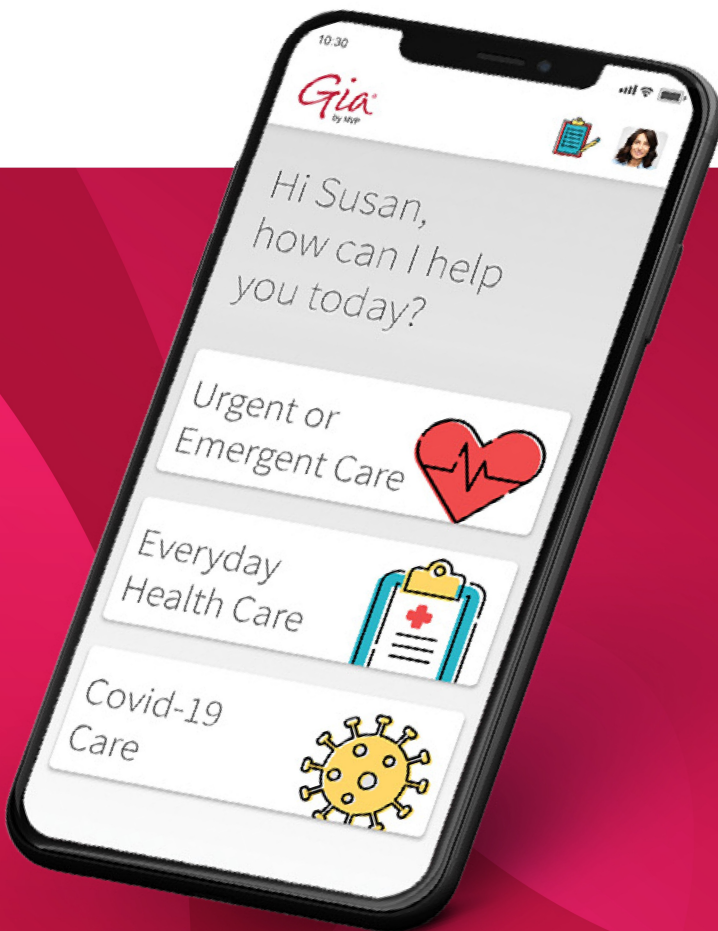

Use the tools included in this brochure to learn more about your plan details. After you enroll, you'll receive your MVP member ID card and additional materials to help you get started.

## **MVP covers thousands of brand name and generic medications.**

With thousands of participating pharmacies, including all major pharmacy chains, mail order, and speciality pharmacy services, MVP makes it easy to find and manage your prescriptions and drug coverage.

## **MVP makes managing your plan easier than ever.**

Once you are enrolled, you can use your online member account to view and print your MVP Member ID card and Explanation of Benefits, monitor your claim status and history, view benefit and deductible information, keep track of your well-being tools, and more.

# Taking convenience and accessibility to the next level.

## **Gia<sup>®</sup> is your ultimate health care connection.**

Get referred to the right care, right away, including MVP virtual care services, pharmacies, labs, and even in-person care, when necessary.
